

## The Netherlands welcomes you to the Frills and Owls Festival in 2020!

In the weekend of 31 October and 1 November 2020, the Dutch 'Meeuwenclub' is organizing a large frills and owls event. The club celebrates its 100 year anniversary, which coincides with the organization of the annual meeting and show of the European Frills and Owls Club EMC1975.

To accommodate the many foreign guests that are expected with their animals, the choice was made to rent a location close to both the German and Belgian borders, in the 'Euregion' and province of Limburg. The hall itself is situated in Vlodrop, near the city of Roermond.

In line with the ambitions and the nature of the Dutch club, the event will concern both short faced frills and owls, and all other frills and owls breeds.

This implies that we will be working closely together with the Dutch specialized breeds clubs and those from the surrounding countries. With pride therefore we are able to announce that we will host large entrees of Aachener Lack Shields, Antwerp Smerls, Classic Old Frills, Italian Owls, Old German Owls, Valencian Figuritas and, of course, Old Dutch Turbits as well as all other national breeds. Thus, we expect very respectable amounts of owls and frills entering this event!

Obviously, many short faced frills and owls will also be brought to Holland for the EMC1975 annual celebration.

The location in Vlodrop includes a spacious hall, with excellent foods and beverages facilities and parking space. The hotel is situated at 5 kilometers from the hall. Of course, we will organize a diners and breeders party, and as some will remember, in this respect the Dutch have something to make up for. See: [www.boshotel.nl](http://www.boshotel.nl)

We hope and expect that many breeders of all frills and owls breeds will make plans to share the celebrations with us, and show their best birds in the largest European frills and owls competition.
